EM/RC6A/R.4* The Sub-Committee,

1. NOTES with approval the report of the Regional Director covering the years 1949 - 1956;

2. EXPRESSES its appreciation of the work of the Regional Office;

3. NOTES the trend towards increasing aid to countries for expansion of medical care;

4. ENDORSES the wide educational programme of the Organization in the Eastern Mediterranean Region;

5. EMPHASIZES again the importance of expanding services for health education;

6. CALLS UPON health administrations to develop methods of planning for future development and expansion of health services based on careful surveys and studies; and

7. REQUESTS the Regional Director to provide all possible aid in developing such long-term plans.

September 1956
