

COURSE ON CLINICAL DOSIMETRY
Kuwait, 1 - 15 December 1980

31 October 1980

PROVISIONAL PROGRAMME

Monday, 1 December 1980

08.30 - 09.00	-	Registration
09.00 - 09.30	-	Opening Address by H.E. The Minister of Health
	-	Message of WHO
09.30 - 10.00		RECESS
10.00 - 13.30	-	Dosimetry, General aspects
	-	Dosimetry units

Tuesday, 2 December 1980

08.30 - 13.30*	Accuracy needs in Radiotherapy - Errors
	Calibration of Dosemeters used in Radiotherapy

Wednesday, 3 December 1980

08.30 - 13.30*	WHO/IAEA = SSDs - International intercomparisons
----------------	--

Thursday, 4 December 1980

08.30 - 13.30*	Photon Dosimetry
----------------	------------------

Saturday, 6 December 1980

08.30 - 13.30*	a) Electron dosimetry
	b) Clinical dosimetry

*RECESS. 15 minutes

Sunday, 7 December 1980

08.30 - 13.30 * Beam requirements

Monday, 8 December 1980

08 30 - 13.30 * a- Treatment planning - manual
b- Treatment planning - computerized

Tuesday, 9 December 1980

08.30 - 13 30 * Dosimetry in local Radiotherapy
- interstitial
- intercalvary

Wednesday, 10 December 1980

08.30 - 13 30 * a- Afterloading techniques
b- Equipment for high energy photons

Thursday, 11 December 1980

08.30 - 13.30 * a- Equipment for high energy electrons
b- Equipment for high LET radiation

Saturday, 13 December 1980

08.30 - 13,30 * a- Structural shielding
b- Use of unsealed sources

Sunday, 14 December 1980

08.30 - 13.30 * Dosimetry in clinical use of radionuclides

Monday, 15 December 1980

08 30 - 13 30 * Radiation protection dosimetry

Closing session

* RECESS. 15 minutes
