**NOMINATION OF A MEMBER STATE TO THE
MANAGEMENT ADVISORY COMMITTEE (MAC) OF
THE ACTION PROGRAMME ON ESSENTIAL DRUGS
(Agenda item 9a)**

Introduction

The WHO Action Programme on Essential Drugs (DAP) was established in 1981 "to collaborate with countries in ensuring the regular supply at the lowest possible cost and the rational use of a selected number of safe and effective drugs and vaccines of acceptable quality".

Two committees, with different terms of reference, are currently involved in matters related to the management of the programme: the Committee on Drug Policies, and the Management Advisory Committee. The **Annex** shows the terms of reference of the Management Advisory Committee, indicating its functions, composition and operation.

Since 1990, the Regional Committee has selected members to represent EMR in the Management Advisory Committee. The following table shows the regional representation since 1989.

ACTION PROGRAMME ON ESSENTIAL DRUGS

TERMS OF REFERENCE OF THE MANAGEMENT ADVISORY COMMITTEE

The Management Advisory Committee (MAC) represents the interests and responsibilities of WHO's external partners collaborating with WHO in its Action Programme on Essential Drugs. It acts as an advisory body to the Director-General of WHO, making recommendations on matters related to the policy, strategy, finance, management, monitoring and evaluation of the WHO Action Programme on Essential Drugs (DAP).

Functions

- Review, analyse and guide the programme of activities and related budget of DAP and make appropriate recommendations to the Director-General.
- Review the arrangements envisaged by the Director-General for financing and managing DAP.
- Review proposed longer-term plans of action and their financial implications.
- Review financial statements of DAP.
- Review periodic reports evaluating the progress of DAP towards the achievement of its objectives and submit its findings and recommendations to the Director-General.
- Recommend ways of improving, as appropriate, coordination between the activities of DAP and of other relevant programmes and organizations.
- Consider any other matters relating to DAP referred to it by the Director-General, the Director of DAP or any member of the Committee.

In carrying out its functions, MAC shall be informed of all policy decisions and recommendations concerning DAP or WHO's Revised Drug Strategy (RDS) adopted by the World Health Assembly and the Executive Board.

Composition

Members

- The government representatives of those countries which contributed funding in support of DAP's budget in the previous two years;
- Two Member States undertaking drug policy and programme development from each of WHO's six Regions selected by the respective Regional Committees for three-year terms. Regional Committees, responsible for

choosing representatives, should be asked to select from countries undertaking drug policy and programme development;

- Major international organizations collaborating in the implementation of WHO's RDS, such as UNDP, UNICEF, UNIDO and the World Bank.

Observers

- Other concerned parties invited by the Director-General to attend as observers.

Members selected from the six Regions of WHO may be reappointed. The Chairperson of MAC shall, in principle, be a government representative and shall be elected from and by members of MAC for a period of two years, but, while eligible for re-election, may not serve consecutive terms. The Chairperson shall preside over meetings of MAC and undertake whatever additional duties may be assigned by MAC, in agreement with the Director-General of WHO. Observers are encouraged to take part in the deliberations of the MAC.

Operation

The MAC shall meet once a year. The meeting shall concentrate on reviewing DAP's programme in light of the financial support that will have been pledged and the past, present and future coordination of external support for DAP's principal areas of activity (country support, development work, operational research and management). The meeting shall also review and guide the following years' programme and related budget. The MAC may also meet more often upon the proposal of either its Chairperson or the Director-General of WHO, and with the latter's agreement. The MAC shall decide its method of work, which may include the establishment of a number of functional subcommittees. All such subcommittees shall have an advisory role of MAC. Each MAC meeting shall elect a rapporteur from among its members who shall assist in ensuring that the decisions reached by the meeting are adopted and recorded before its closure. The MAC should, whenever possible, adopt its conclusions by consensus. Director, DAP shall be the Secretary of the MAC.

For these purposes, MAC shall be assisted in its endeavours by the provision by WHO of whatever secretariat and other support services may be considered necessary and reasonable.
