NOMINATION OF THE REGIONAL DIRECTOR

Article 52 of the Constitution of the World Health Organization provides that the head of the regional office shall be the Regional Director appointed by the Executive Board in agreement with the Regional Committee.

The appointment of Dr. A.T. Shousha as Regional Director, beginning 1 July 1949, was for a period of five years, following the nomination made by the Regional Committee at its first session. The Executive Board, at its thirteenth session in January 1954, passed a resolution extending this appointment until 31 January 1955.

In order to enable the Executive Board to make an appointment at its next session in January 1955, the nomination of the Regional Director for the Eastern Mediterranean is submitted for the consideration of the Regional Committee at its fourth session.
