

HCN Accomplishments: Aljoumoum, KSA

[Healthy Cities Network](#)

Aljoumoum HCP Progress & Accomplishments

Overview

Having been implemented for a decade, the HCP in Aljoumoum has made significant strides towards the 80 WHO indicators. The evaluation visit consisted of meetings with and reviews of various sectors, such as the municipality, education, academia, volunteering, the environment, social affairs, private sector partners, health, police and emergency preparedness and response team. The following core achievements have been noted:

Achievements

- The HCP is institutionalized in Aljoumoum, and it is officially in the organizational structure of Aljoumoum Governorate by a decree from H.E., Governor of Aljoumoum (Figure 1).

Figure 1: Aljoumoum Governmental Structure

- A higher committee has been established and it is chaired by the Aljoumoum governor, and it consists of directors from relevant sectors who provide additional support.
- The HCP office has established subcommittees in line with the dimensions of the 80 WHO indicators: health, education, the environment and social development.
- The Intersectoral Action for Health (ISA) is reflected on the organized work across all sectors in the city aiming to improve health and influence its determinants. Under the leadership of H.E. the Governor of Aljomoum, there is a general ISA action to integrate health into other sectors' policy processes (i.e. "Health in All Policies").

- The city has a historical background as it was the pathway of Prophet Mohammed Hijra from Makkah to Madinah. It has also a strategic location representing the northern entrance of hajjis to Makkah and close to Jeddah port.
- HCP coordinated with municipality and different sectors (including private sector), establishing family parks, walkways and sports yards. Tobacco selling is prohibited inside the city along with banning smoking in indoor and recreational places.
- Volunteerism is seriously taken especially among youth and women groups (Wady Fatima Women Group, Figure 2) ensuring community ownership and empowerment. Wady Fatima group got the second prize in “Haiyak Initiative” competition due to their role in community empowerment in general and women empowerment particularly.
- All the schools in Aljomoum city implement WHO School Promotion related activities and interventions.
- The health services in Aljomoum are complimented by outreach services and a well-equipped mobile clinic in collaboration with civil society organization, free of charge (figure 3).

Figure 2: Brochures of Wady Fatima Women Group

Figure 3: Outreach mobile clinic

- Standards related community organization and mobilization for health and development: completely achieved.
- Standards related to intersectoral collaboration, partnership, and advocacy: completely achieved.

- Standards related Microcredit activities: completely achieved.
- Standards related to education and literacy: completely achieved.
- Standards related to health development: completely achieved.
- Standards related to water, sanitation, food safety, and air pollution: completely achieved.
- Standards related to Community-based information centre: completely achieved except the City Health Profile; needs to be updated.
- Standards related to skills development, vocational training, and capacity-building: completely achieved.
- Standards related to emergency preparedness and response: completely achieved.

Detailed Achievements

A) Community organization and mobilization for health and development		
Result	Evidence: Achieved  In process  Not yet 	Achievements
1. Cluster representatives/volunteers are selected and trained on needs assessment, prioritization, data analysis, project preparation, and monitoring, recording and reporting mechanisms.		<ul style="list-style-type: none"> ✓ Representatives from different sectors had been selected and trained on development of HCP plans and reporting ✓ There is a list of volunteers including names, age, gender, qualification, trained received and communication information. ✓ A group of more than 40 women constitute a volunteers group “Wady Fatima Group” participating in different health education and developmental activities. ✓ Reports of different training workshops targeted the volunteers as per different areas of work are available.
2.
